

Honorable Wright Patman
Chairman, Joint Economic Committee
Congress of the United States
Washington 25, D. C.

Dear Mr. Patman:

Reference is made to your letter of 24 May 1962 requesting certain summary research papers for use in the preparation of a Committee report on recent economic growth in the USSR and my reply thereto of 4 June 1962. Our contributions will be unclassified.

As we have indicated in the past, assistance provided your Committee, through the furnishing of these and similar reports, is somewhat foreign to our normal responsibilities. Publication of unclassified material, in the name of the Central Intelligence Agency, is restricted to a minimum number of items. It is requested once again, therefore, that no assignment of the source of these materials be made to the Central Intelligence Agency in such use as you may desire to make of them.

Faithfully yours,

Marshall S. Carter
Lieutenant General, USA
Deputy Director
